ANP Lighting®

Architectural Site Lighting

Bella Vista

LED Solutions

Choose from performance TIR optics or low-glare, edge-lit comfort LED panels to satisfy the needs of your project.

- ANP's proprietary Edge-Lit Comfort Solution reduces glare while maintaining performance. Choice of Type II, III, IV or V optics. (up to 13,904 lumens)
- ANP's TIR, Ceramic-Cooled Platform engines optimize performance where Type II, III, IV or V optics are required. (up to 18,172 lumens)

Shade Styles

ANP Lighting's Bella Vista Series is the most expansive and versatile series of luminaires of its type in the lighting industry. Each of the three style shades are available in three diameters and five styles.

- Angle, Bell or Flare style shades
- 20, 24, and 30 inch diameters
- The top housing can be solid or provided with slots, windows, acrylic louvers or two styles of metal louvers

A wide variety of post arms and wall mounts allow the designer to find the right look for any project.

Comfort & Performance

ANP's proprietary Edge-lit LED Light Guide is available in ANP Lighting's Bella Vista series. Edge-lit technology significantly reduces glare and eliminates pixelation of the LED source. Uniform illumination and superior optical control, along with a wide selection lumen packages, light distribution types and color temperatures take visual comfort & performance to the next level.

High Lumen Package Delivers Superior Efficiency

Featuring ceramic heat sink technology and individual LED optical control with high-performance TIR Optics, the ANP Ceramic Platform engine offers superior performance and efficiency. A wide selection of lumen packages, color temperatures and light distribution types are available. LED upgrade kits are also available for most types of luminaires.

Mini Bella Vista

LED Solutions

Choose from Edge-Lit LED Comfort Solution or the economy ANP Module with COB to satisfy the needs of your project.

- Edge-Lit LED is a low-glare solution and is available with Type II, III, IV or V optics (up to 9,986 lumens)
- ANP Modules with a COB LED offer an economical solution with Type V round optics

Shade Styles

The Mini Bella Vista perfectly complements our larger Bella Vistas for use in wall mount or post top applications where low mounting heights occur.

- Angle, Bell or Flare style shades
- 12, 14 and 16 inch diameters

Since 1985, ANP Lighting has been inspiring and empowering innovative lighting solutions.

Today, ANP Lighting is a leading manufacturer of energy efficient architectural lighting solutions for corporate/office, municipal, education, sports and entertainment, hospitality, and retail applications. We expertly configure and manufacture interior, exterior, site, pedestrian, and roadway lighting that aligns with aesthetic vision and beautifully illuminates design details.

Our extensive line of lighting products and collections is complemented by a wide array of mounting, size, and color options – one of the largest selections in the industry. Our in-house lighting experts can help architects, designers, and specifiers develop lighting solutions with the high quality, craftsmanship, and value only products made in the U.S.A. can deliver.

Finishes

Visit ANPlighting.com/resources/color-finishes for more details. Custom finishes available.

Marine grade finishes are available. Colors shown may differ slightly from painted color.
